

AMAZING SCHOLARSHIP OPPORTUNITY

Looking at a career in Engineering, Agriculture or Information Technology? Need Funds for Study?

Want to complete your study with a job lined up after graduation?

Then take a good look at this wonderful opportunity....

Coleambally Irrigation Cooperative Ltd (CICL) in conjunction with the Country Education Foundation of Coleambally-Darlington Point is offering a scholarship for students studying Agriculture, Engineering or Information Technology in 2024. The students need not necessarily be in the first year of their Agriculture, Engineering or Information Technology course.

The students would apply for a Country Education Foundation of Coleambally-Darlington Point education grant for 2024 and if successful in being awarded a CICL Grant Latta Bonded Scholarship will be funded by CICL on the following basis:

If the recipient is a first-year student, they will receive **\$5000** for that year, increasing to **\$7500** per year for the remainder of the course.

If the recipient is a second (3rd or 4th) Year student, they will receive **\$7500** for that year and per year for the remainder of the course.

The recipient will receive their scholarship funds through Country Education Foundation of Coleambally-Darlington Point on the provision of invoices or receipts for expenses relating to their study – for example, accommodation, texts, specialist equipment, travel ...

The recipient would be required to work for CICL for a period of time during the main summer and winter vacations each year. They would be paid for this work. They would be required to work for CICL post- graduation for a period of 3 years (dependent on whether they receive the scholarship from year one.) If the recipient chose not to work for CICL, or leave during the 3-year period, they would be required to refund the scholarship or a portion thereof.

The recipient can study at any University he/she chooses. The student would be required to make satisfactory progress throughout the course.
