2019 CEF Scholarships Guide

www.cef.org.au/search-for-a-scholarship

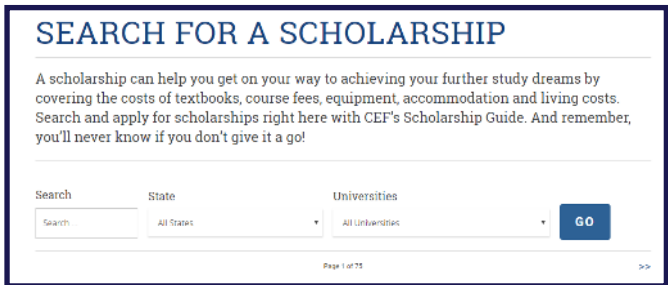

Each year the Country Education Foundation (CEF) proudly produces a **tertiary Scholarships Guide** to assist rural and regional Australians to unlock grant and scholarship opportunities for further education and training.

The CEF Scholarships Guide is the leading source of tertiary scholarships for rural and regional families. As a regional not-for-profit organisation with an extended network of 42 local foundations across the country, CEF is best placed to deliver this comprehensive guide to the rural and regional marketplace.

Through CEF and associated distribution channels the guide was delivered to more than 70,000 rural and regional school leavers in 2018.

The 2019 CEF Scholarships Guide will feature grant and scholarship listings on a purpose-built platform, searchable by State, Institution and Keywords. In addition, a targeted Google AdWords campaign will be run in conjunction with our traditional marketing and distribution channels.

To have your grants and scholarships listed and delivered to a captive rural and regional audience please contact the CEF office on 02 6362 3162.
